Your veterinary surgeon may prescribe POM Vs only for animals under his/her care.

A prescription may not be appropriate if your animal is an in-patient or immediate treatment is necessary.

You will be informed, on request, of the price of any medications prescribed for your animal.

The general policy of this practice is to re-assess the animal requiring repeat prescriptions every 3 months, but this may vary with individual circumstances. The standard charge for a re-examination is £30.
