You may obtain prescription only medicines, category V, (POM Vs) from your veterinary surgeon OR ask for a prescription and obtain these from another veterinary surgeon or a pharmacy.

Your veterinary surgeon may prescribe POM Vs only for animals under his/her care.

A prescription may not be appropriate if your animal is an in-patient or immediate treatment is necessary.

You will be informed, on request, of the price of any medications prescribed for your animal.

All veterinary practices are required to re-assess an animal requiring repeat prescriptions regularly. In many cases this would be every 3 months, but this may vary with individual circumstances. Please ask us or check the practice website for current consultation costs.

Further information on the prices of medication is available on request.
